Drill Pipe Wiper Plug Nose

KX Oil Tools Drill Pipe Wiper Plug Nose attaches to standard drill pipe fins and wipes the internal ID of the drill pipe and tubing, while maintaining fluid separation, and indicating fluid displacement once latched into the KX Liner Wiper Plug.

APPLICATIONS

- Cementing

FEATURES, BENEFITS, AND ADVANTAGES

- Latch down design in seat eliminates concerns with flow back of pressure or fluids
- Manufactured from drillable materials
- Rounded nose prevents sticking during deployment
- Compatible with many drill pipe wiper fin designs
- 10,000psi pressure rated from above and below
